**New Evidence.**

The following letter from a "Boston Doctor" shows just great weight the evidence already published, and to our belief that Allen's Sarsaparilla is the best medicine on the market.

Office of Cheney & Neill, Wholesale Dealers in American Drugs, 15 Union Street, Boston, Mass., Feb. 1, 1893.

SIR:—ALLIEN'S SARSAPARILLA, C. O. WOODEN, Mass. Quoted from a letter addressed by you to me by yesterday's goods you ordered, you can truly congratulate you on the high quality of the goods you are using. It is a rare case that we find a customer that is so particular in their order in regard to quality, but, you doubtless find that it pays you to use the best.

You have got the best formula I have ever known for a Sarsaparilla compound. I have been in the active drug business 45 years, and spent all my years in collecting roots and herbs. I have travelled all over the country from Maine to California, and from Vermont to Mexico, and for these goods, and to find a good judge as to quality and value. I have supplied hospitals and purchased thousands of medicinal makers, and know the formula of a vast number of them, so I can truly say that of them all,
